FEATURES

- Full 360° rotation, combined with the Infinity Tilt system, allows for countless tilt angles, providing hours of maximum shade regardless of the position of the sun.
- The crank lift is built for commercial use, yet designed for smooth and effortless operation in any environment.
- The mast and all critical joints are extruded aluminum, ensuring unmatched strength and durability.
- Engineered to withstand 35 MPH winds. Included wind stabilizer kit increases this by 5 MPH.
- Maintenance free stainless steel hardware.
- Multiple mounting options are available, either permanent or semi-permanent, for installation on any surface.

Built for contract, yet designed with the homeowner in mind. Manufactured with beautiful 9 oz. marine grade acrylic fabric that offers unmatched UV protection and longevity, the Eclipse is easy to clean, mold and mildew resistant, and has a guarantee against fading. Other umbrellas are manufactured with lighter, 8 oz. furniture/cushion grade fabric that can sag or stretch over time.

Heavy gauge aluminum and stainless steel parts on a marine grade corrosion resistant aluminum frame ensure the Eclipse is ideal for all environments.
